First of May

Bee Gees

```
          D                                F#m/C#
Verse 1:      When I was small and Christmas trees were tall
        G                    D              A
        We used to love while others used to play
          D                              F#m/C#
        Don't ask me why, but time has  passed us by
          G                  D            A
        Someone else moved in from far away
          G                              D
        Now we are tall and Christmas trees are small
        Em                            D    D7
        And you don't ask the time of day
        G                            D
        But you and I, our love will never die
        Em              G   [1: /A]          D   [1: A
        But guess who'll cry   come First of May

          D                              F#m/C#
Verse 2:      The apple tree that grew for you and me
       G                    D              A
        I watched the apples falling one by one
        D                        F#m/C#
        And I recall the moment of them all
         G                    D                    A
        The day I kissed your cheek and you were gone
         G                              D
        Now we are tall and Christmas trees are small
        Em                            D    D7
        And you don't ask the time of day
        G                            D
        But you and I, our love will never die
        Em              G   [1: /A]          D   [1: A
        But guess who'll cry come First of May

Coda:     D                              F#m/C#
        When I was small and Christmas trees were tall
        G              D              A
        Do-do-do-do-do  do-do-do  do-do

        Don't ask me why    but time has passed us by
        Someone else moved in   from far away       [fade]
```
